Centro Victoria, an outreach ministry of All Saints' Church, is a home for abandoned children in Juarez, Mexico. It's run by Pastor Joel Cortes Ramirez and his wife, Carmen. They currently shelter over 80 children of all ages. Over the past 12 years many people from the Monadnock Area have traveled to Centro Victoria to help build dorms and connect with children through hope and love.

Join us as youth from both areas share their experiences about forming meaningful relationships with each other. Hear what they have learned, and how the power of lasting relationships lifts them up.
